THINKERS & MAKERS

Covet Group is a revolutionary and creative company, with a Powerful Vision of the Future, and an extreme capacity to create and develop Successful Businesses that Elevates New Design worldwide.

It is recognized as an organization of proven experience in Design. A creative company of thinkers and makers with a revolutionary attitude.

We are proud of being a Team of Excellence that fights everyday to conquer the world through Design. A non settle feeling that keep us with eyes always set on the future.
The normal admission for a student is by sending to us his/her CV and motivation letter.

The following steps would be to pass through the selection process, the student have to be selected by a brand or department from our group and after that he or she have to do a Skype interview with the supervisor. After these 2 steps, the student will get the final feedback from our part and we start to prepare everything for the arrival into the company and the documents required by the universities.

All the internship vacancies are based in Portugal, where is also our production line.

In our office in Portugal, we have more than 500 workers. We have in our portfolio 15 different brands. The selected students will complete their internships in our offices (we have 14 buildings each one of them at a distance of just few minutes) in the correspondent building where they will be selected by the specific brand.

The internships doesn’t have a specific start date, the students can start anytime, after concluding all the process (the skype interview, the documents). There can be even more students applying for the same vacancy in marketing or as Brand Ambassador (we do not have a limited number), as we have lots of offers, thing provided by the size of our company. Regarding the vacancy of Human Resources we require just one person in a period and for the Product Designer – at maximum 2 interns in the same period.

The offers I have sent you will be available for the whole academic year. Them are addressed to students who can come under the Erasmus+ Traineeship, and also for recent graduates who can get this grant.

The skills we put the strongest attention:

- The English level should be at least B2
- Teamwork
- Open-minded
- International and multicultural vision
- Communication skills

Regarding the accommodation, we do not provide it, but we are trying to help the students in finding it, by sending to them our `Guide before Arrival` where they can find sites and links where they could look for a place to live in. In this guide, your students can find also other useful information about the company, city, culture, transportation and many other information.
